

Violet Lane Nursery and Infant School Travel in the School Minibus / Local Educational Visits

From time to time during the school year we will be taking the children out within the local community to study various features, e.g. St Peters Church, Stapenhill Gardens etc. In order to do this we need your permission. As this can sometimes be at fairly short notice we would ask that you give your permission for these visits when your children first starts school. Children may also be transported using the school mini-bus. At all times this will be driven by a trained driver. A further adult will be a passenger to help with any incident in transit. Other educational visits involving coach travel will be notified by letter as they arise and the appropriate authorisation sought at the time.

Many thanks for your co-operation in this matter.
